RE: FDA Modernization Act MOU Section # 503A
Docket # 98N-1265

Please amend this MOU in its present form. I am allergic to synthetic compounds and must substitute with natural compounds which I obtain from Women's International Pharmacy in Madison, WI. I am concerned about the effect upon my health if I am no longer able to obtain custom compounds. The current MOU severely restricts not only patient's rights, but the rights of doctors and pharmacists in choosing health care services. This is an urgent matter impacting the health care of many citizens.

Thank you for your reconsideration of this MOU and for your concern in serving the public with fairness and honesty.

Sincerely,

JoAnna Graves
